

California Proposition 65 Statement (OEHHA)

17.05.2023

Dear valued customer,

California's Safe Drinking Water and Toxic Enforcement Act of 1986 (officially known as Proposition 65, or Prop 65), was enacted as a ballot initiative in November 1986. The proposition protects the state's drinking water sources from being contaminated with chemicals known to cause cancer, birth defects or other reproductive harm, and requires businesses to inform Californians about exposures to such chemicals. In line with Proposition 65, California's Office of Environmental Hazard Assessment (OEHHA) maintains a list of chemicals known to the state to cause cancer or reproductive toxicity, which can be accessed on their website. <https://oehha.ca.gov/proposition-65>

To implement the law, the State of California has published a list of chemicals suspected of being carcinogenic or reproductively toxic.

The last updated Proposition 65 list of April 21, 2023 contains more than 1000 substances. <https://oehha.ca.gov/proposition-65/chemicals>

This letter is to confirm that the product(s) listed below have been evaluated according to California's Prop 65 requirements. The compliance status of the product(s) was confirmed based on the latest version of the Prop 65 list, as updated by OEHHA on April 21, 2023. Please refer to the following OEHHA list for the most current list of chemicals considered / listed under Prop 65¹ <https://oehha.ca.gov/proposition-65/proposition-65-list>

Part Number	Description	Manuf. Part Number (MPN)	Prop 65 Compliant Yes/No	If No, CAS # (s) of Prop 65 Chemicals	Name(s) of Prop 65 Chemicals	Concentration (ppm) of Prop 65 Chemical
		Connectors male/female	Yes			

This statement does not apply to the following W+P series and parts:

series 199 and 529

parts 83883, 70634, 70635, 72065

Recycling W+P PRODUCTS GmbH products may expose you to lead, a chemical that could cause cancer, birth defects, or other reproductive harm.

Kind regards

Peter Schneider
