

**Conformation
EU 2019/1021 POP**

17.08.2021

Dear Ladies and Gentlemen,

we confirm that everyone from W + P PRODUCTS GmbH supplied connectors and cable assemblies are conform to the current Directive of Regulation (EU) 2019/1021 in the currently valid version (POP).

This applies to all of our products and packaging materials

Should one of our articles fail to comply with any of the prohibitions / restrictions or one of the prohibited / prohibited items listed in Appendices I and II POP contain restricted substances, we will inform you immediately which items are affected and inform you of the respective substance names.

We will keep you informed of any changes / modifications to our items if necessary informing compliance with POP could influence

Kind regards

Peter Schneider
Head of quality management
